

Staff Training Manual

New Employee Orientation & Standard Operating Guide

1. Welcome

Welcome to the team. This manual introduces you to how we operate day to day — our standards, responsibilities, and the behaviors that keep the organization running smoothly and safely for both staff and guests/customers. Read it fully before your first shift and keep it as a quick reference.

2. Roles & Responsibilities

Role	Key Responsibility
Manager / Shift Lead	Oversees daily operations, staffing, and quality control
Front-of-House Staff	Greets guests, takes orders/requests, ensures service quality
Back-of-House / Operations	Prepares products/services, maintains cleanliness and stock
Support / Admin	Handles scheduling, supplies, and internal coordination

3. Code of Conduct

- Arrive on time and in the required uniform/dress code.
- Treat every guest, customer, and colleague with courtesy and respect.
- No use of mobile phones on the floor except during breaks.
- Report any safety hazard, incident, or complaint to a supervisor immediately.
- Maintain confidentiality of internal information and customer data.

4. Hygiene & Safety

- Wash hands before starting work and after handling waste or cash.
- Keep work areas, equipment, and storage clean and organized at all times.
- Know the location of fire extinguishers and emergency exits.
- Report damaged equipment or unsafe conditions before continuing use.

5. Customer / Guest Service Standards

- Greet every customer within 30 seconds of arrival or contact.
- Listen fully before responding; confirm the request back to the customer.
- Resolve minor complaints on the spot; escalate anything beyond your authority to a supervisor.
- Thank the customer and confirm satisfaction before closing the interaction.

6. Daily Operating Checklist

Shift Stage	Action
Opening	Check cleanliness, stock levels, equipment, and staff readiness
During Shift	Monitor service quality, safety, and inventory usage
Closing	Restock, clean down, secure cash/equipment, log any incidents

7. Escalation & Reporting

- Safety incidents: report immediately to the shift manager, then log in the incident register.
- Customer complaints beyond your authority: escalate to a supervisor within the same shift.
- Equipment or stock issues: notify the operations/admin lead before the next shift begins.
